The quality of a mineral water will depend on the site of its source and the nature of the aquifer, the porous rock through which the water trickles. Just like wine, natural mineral waters have their own 'terroir', a French word that means that each place on earth has its own signature taste.

S. Pellegrino is a fine quality natural mineral water that flows from natural springs in Val Brembana in the San Pellegrino Terme area, at the foothills of the Italian Alps near Bergamo (Lombardy).

S. Pellegrino surfaces as perfectly sparkling and naturally enriched with mineral salts.

SPECIALTY GIN

- BROCKEN SPECTRE ‘Gin For Tonic’** *Tasmania, Australia* 18
Gin for Tonic was the brainchild of an avid gin lover, frustrated with the way tonic over powers the delicate flavours of the spirit. The goal was to create a beautiful and elegant gin that stood its ground to become perfectly balanced and that's how Broken Spectre Gin For Tonic was born.
We recommend serving on ice with any Fever Tree tonic or martini.
- BROCKEN SPECTRE ‘Summer Gin’** *Tasmania, Australia* 20
The Tasmanian Summer Gin is infused with locally grown saffron post distillation, giving the liquid and golden hue and allowing the full rich flavor of the spice to create a distinct powerful spirit.
We recommend serving on ice with Fever Tree Light Tonic or Martini.
- FOUR PILLARS ‘Shiraz Gin’** *Vic, Australia* 18
Pine Forrest notes, white pepper and spices, and the gin is beautifully balanced with a delicious Sweetness and nice tannins to finish. Nice with fresh lemon and a quality tonic.
- HUSK DISTILLERS ‘Ink Gin’** *Tweed Valley, NSW* 18
Bright blue and indigo hues changing to pink when mixed with natural acidity including tonic water, lemon and lime. The nose is shows fragrant citrus followed by fresh pine, coriander, juniper and sweet orange. The taste begins from fresh lemon myrtle then leads onto subtle pepper berry and citrus notes
We recommend serving on ice with Fever Tree Mediterranean Tonic.
- HARTSHORN ‘Sheep Whey Gin’** *Tasmania, Australia* 21
This distillery is a new Tasmanian micro distillery making boutique batches of gin from their own sheep whey. They are the first in the world to create this unique product. Hartshorn use only Australian native botanicals (plus juniper). 3 of them never used before in any other gin.
We recommend serving on ice with Fever Tree Indian Tonic.
- MALFY ‘Con Limone Gin’** *Italy* 18
Malfy used a selection of coastal grown Italian lemons-some from Amalfi and some from Sicily to give the gin a fresh zesty aroma. Using Italian juniper and five other botanical including coriander, angelica and cassia bark to give the gin a delicious and refreshing bite.
We recommend serving with Fever Tree Mediterranean Tonic or Martini.
- NEVER NEVER ‘Juniper Freak Gin’** *South Australia* 21
2017 Limited batch release. The Juniper Freak is a celebration of Juniper. Its an oiled-up beast of a gin. Wonderfully intense, aromatic, flavoursome gin. Fragrant pine and earthy angelica with a touch of pepper berry spice. Incredibly long finish, with resinous juniper oils coating the palate and pepper berry developing late.
We recommend serving on the rocks with Fever Tree Indian tonic or martini.
- NOSFERATU ‘Blood Orange Gin’** *Australia* 18
A delicious viscous gin with a noticeable orange tang, spice, vanilla and just a hint of bitterness.
We recommend serving on the rocks or a great substitute for the standard Negroni.
- THE SPLENDID GIN ‘Summer Cup’** *Tasmania, Australia* 18
Delicate notes of mandarin, rosemary and bergamot are carefully preserved through vapour infusion and balanced with juniper and coriander botanicals
We recommend serving on ice with Fever Tree Mediterranean.

MANHATTAN	18
Slow & Low Rye Whiskey, Sweet Vermouth, Cherry

MOCKTAIL	16
Ask our bar tender for our 'In Season' fruit based non-alcoholic mocktail	
NEGRONI	18
Campari, Tanqueray No10 Gin, Martini Rosso,	
<i>While the drink's origins are unknown, the most widely reported account is that it was first mixed in Florence, Italy, in 1919, at Caffè Casoni (formerly Caffè Giacosa), located on Via de' Tornabuoni and now called Caffè Roberto Cavalli. Count Camillo Negroni concocted it by asking the bartender, Fosco Scarselli, to strengthen his favorite cocktail, the Americano, by adding gin rather than the normal soda water.</i>	
<i>The bartender also added an orange garnish rather than the typical lemon garnish of the Americano to signify that it was a different drink.</i>

VESPER	20
Hendricks Gin, Russian Standard 'Gold' Vodka, Lillet Blanc	
<i>The drink was invented and named by Ian Fleming in the 1953 James Bond novel Casino Royale.</i>	
<i>A Vesper differs from Bond's usual cocktail of choice, the martini, in that it uses both gin and vodka, Kina Lillet instead of the usual dry vermouth, and a lemon peel instead of an olive. Although there is a lot of discussion on the Vesper, it is only ordered by Bond once throughout Fleming's novels – although Bond drinks the Vesper in the film Casino Royale – and by later books Bond is ordering regular vodka martinis, though he also drinks regular gin martinis. Felix Leiter ordered a Vesper for Bond in the novel Diamonds Are Forever, albeit with Cresta Blanca in place of Kina Lillet, which Bond politely remarks is the "Best Vermouth I ever tasted." It may be that Fleming decided not to have Bond order a Vesper again due to the way in which Casino Royale ends.</i>

"Such is Jeffrey Grosset's precise and refined approach that even a dry, low yielding season has done nothing to thwart the ethereal fragrance, breathtaking purity, green-tinted energy, scintillating acidity, inimitable slate texture and impeccable phenolic delicacy of the phenomenal site. This is a vintage of fantastic concentration, heightened character and enticing jubilation."

Gamay-based wines are typically light bodied and fruity. Wines meant to be drunk after some modest aging tend to have more body and are produced by whole-berry maceration. The latter are produced mostly in the designated 'Cru Beaujolais' areas where the wines typically have the flavour of sour cherries, black pepper, and dried berry, as well as fresh-cut stone and chalk.

Red Burgundy is wine that is made in the Burgundy region of eastern France using 100% Pinot Noir grapes. That's right, red Burgundy is just a Pinot Noir.

These wines are considered to be the best money can buy, which is why they're some of the most expensive in the world.

What makes both Burgundian wines so special, is that Burgundy, more than probably any other wine region in the world, is completely influenced by its terroir. Terroir is a sense of place, it means that when you drink a wine, you completely taste the region where the wine was made. Most simply, terroir is the concept that the land from which the grapes are grown imparts a unique quality that is specific to that single vineyard.

Over the centuries, Burgundy has become known for being the best land in the world for producing both Pinot Noir and Chardonnay.

2016 Faiveley 'Mazis-Chambertin' Grand Cru

Marked by oaked spice, this is nonetheless an elegant style, featuring floral, wild strawberry and cherry aromas and flavours. Sleek and firm, showing tension, picking up a mineral element as this stretches out on the finish

Barolo is made from the Nebbiolo grape from the Piemonte region of Italy and is often described as one of Italy's greatest wines. Barolo, is often described as having the aromas of Tar & Roses and the wines are noted for their ability to age and usually take on a red rust tinge as they mature.

Barolo needs to be aged for 38 months after the harvest before release, of which 18 months must be in wood.

BARBARESCO

2013	Roberto Sarotto 'Riserva'	Barbaresco	Piemonte, Italy	250
2011	Sottimano Fausoni	Barbaresco	Piemonte, Italy	365
2007	Gaja	Barbaresco	Piemonte, Italy	750
2003	Prunotto 'Bric Turot'	Barbaresco	Piemonte, Italy	350

Barbaresco is made from the Nebbiolo grape and produced in the Piemonte area of Italy.

The wine is often compared to Barolo-another Nebbiolo based wine from the Piemonte area.

Despite being made from the same grape and produced in neighboring areas less than 10miles from each other, the wines of Barbaresco and Barolo do have some distinct differences.

Located south of the river Tanaro, the Barbaresco zone receives a slight maritime influence which allows Nebbiolo to ripen here a little earlier than it does in the Barolo zone.

The most pronounced differences between the two is the tannins of Barbaresco tend to soften quicker which makes the wine more approachable to drink at an earlier age but allow it to age for as long as a Barolo could.

2013	Zenato	Amarone della Valpolicella	Veneto, Italy	265
2014	Ca'd'or	Amarone della Valpolicella	Veneto, Italy	240

Amarone della Valpolicella, usually known as Amarone, is typically a rich dry red wine made from the partially dried grapes of Corivina, Corvinone (45-95%), Rondinella (5-30%) and other red grape varieties (up to 25%).

Made with the apassimento method, wines take up to 50 days to ferment.

In Amarone the quality of the grape skin is a primary concern, as that component brings the tannins, colour and intensity of the wine.

The final result is a very ripe, raisiny, full-bodied wine with very little acid. The wine is rarely released until 5 years after the vintage.

Expect flavours of black cherry, fig, and dark chocolate.

This is an elegance of contrast and power. The black cherry and black current fruit is encased in a sheen of oak. Burly tannins and vivid acidity enhance the structure. Awkward today, this displays incredible elegance with a laser of vivid acidity driving the exceptional length.

Shows lots of black cherries, cranberry tea, caramelized orange peel, roasted herbs and citrus peel.

Full-bodied with ripe and quite round tannins that frame layers of cherries. Bright and fresh, yet rich and long at the same time. The Sangiovese character really springs out of the glass.

“Initially, this seems soft and super ripe. But the acidity that shows through balances the black cherry jam flavours, and the touch of mint gives a delicious edge. The aftertaste brings back juicy, ripe fruit.”

WINE REGIONS OF BORDEAUX

As a very broad generalisation, Cabernet Sauvignon (Bordeaux's second-most planted grape variety) dominates the blend in red wines produced in the Médoc and the rest of the left bank of the Gironde estuary. Typical top-quality Châteaux blends are 70% Cabernet Sauvignon, 15% Cabernet Franc and 15% Merlot. This is typically referred to as the "Bordeaux Blend". Merlot tends to predominate in Saint-Émilion, Pomerol and the other right bank appellations. These Right Bank blends from top-quality Châteaux are typically 70% Merlot, 15% Cabernet Franc and 15% Cabernet Sauvignon.

The **Bordeaux Wine Official Classification of 1855** resulted from the 1855 Exposition Universelle de Paris, when Emperor Napoleon III requested a classification system for France's best Bordeaux wines that were to be on display for visitors from around the world. Brokers from the wine industry ranked the wines according to a château's reputation and trading price, which at that time was directly related to quality.

The wines were ranked in importance from first to fifth growths (crus). All of the red wines that made it on the list came from the Médoc region except for one: Château Haut-Brion from Graves

2015 Dominus Estate Napa Valley, California USA 1500
(86% Cabernet Sauvignon/9% Petit Verdot/ 5% Cabernet Franc)

In the late 1960's, while attending the university of California at Davis, Christian Moueix fell in love with the Napa Valley and its wines. Son of Jean-Pierre Moueix, the famed wine merchant and producer from Lisbourne, France, Moueix returned home in 1970 to manage the family vineyards, including Chateaux Petrus, La Fleur-Petrus, Trotanoy in Pomerol and Magdelaine in Saint Emilion.

His love of Napa Valley lingered and in 1981, he discovered the historic Napanook vineyard, a 124-Acre site west of Yountville that had been the source of fruit for some of the finest Napa Valley wines of the 1940's and the 1950's. In 1982, Moueix entered into a partnership to develop the vineyard and in 1995, became its sole owner. He chose the name 'Dominus' or 'Lord of the Estate' in Latin to underscore his longstanding commitment to stewardship of the land.

2015 Dominus Estate 100* Points

"The 2015 Dominus is a flawless perfect wine as well as a legend in the making. A blend of 86% Cabernet Sauvignon, 9% Petit Verdot and the rest Cabernet Franc, from dry-farmed vines and brought up in just 40% new French oak, its ruby/purple colour is followed by an extraordinary bouquet of blackcurrents, crème de cassis, damp earth, smoke tobacco, and spring flowers.

Reminding me of the 2015 Chateau Margaux with its incredible mix of elegance and power, this beauty hits the palate with full-bodied richness, stunning purity of fruit, building tannins, and awesome length. This sensational textured and voluptuous Dominus drinks well today yet will evolve for 25-30 years or more."

2015 Dominus Estate 100* Points

"Bottled in July 2017 and composed of 86% Cabernet Sauvignon, 9% Petit Verdot and 5% Cabernet Franc, the Dominus 2015 Propriety Red leaps from the glass with notes of fresh wild blueberries, crushed blackberries and black currant juice with touches of wild thyme, underbrush, iron ore and aniseed with wafts of lavender and pencil lead. Medium to full-bodied, the palate has incredible energy and vivacity, with the firm, pixelated tannins and lively backbone skilfully framing the muscular fruit, finishing with wonderful length and depth.
